ABOUT US

VarFed LLC is a dynamic joint venture between Varmoda Tech and Pioneer Corporate Services (PCS) and GSA Schedule holder that delivers innovative, mission-focused solutions across the federal government. Combining small-business agility with the experience and operational maturity of an established federal contractor, VarFed provides expertise in Digital Transformation, Artificial Intelligence, Data Analytics, Cloud Modernization, Cybersecurity, DevSecOps, Benefits and Claims Processing, and Enterprise IT Services. With a DoD Top Secret Facility Clearance (FCL) and a proven ability to support complex, high-impact programs, VarFed helps federal agencies modernize systems, enhance security, improve operational efficiency, and achieve mission success through scalable, secure, and technology-driven solutions.

CORE CAPABILITIES

Artificial Intelligence & Data Services

- AI Implementation
- Machine Learning (ML) Development
- ML Operations (MLOps)
- Data Engineering
- Natural Language Processing (NLP)
- Retrieval-Augmented Generation (RAG)
- Data Analytics & Visualization
- Master Data Management (MDM)

Digital Transformation Services

- Legacy System Modernization
- Salesforce Solutions
- ServiceNow Solutions
- Pega Solutions
- Microsoft Power Platform
- Workflow Automation
- Low-Code / No-Code Development
- DevSecOps & CI/CD

Benefits Delivery & Claims Solutions

- Identity Proofing
- Eligibility Determination
- Claims Processing & Adjudication
- Case Management Solutions
- Citizen-Facing Digital Services
- Process Automation & Workflow Management

Program Management & Strategic Advisory

- Program & Project Management
- Acquisition Support
- Strategic Technology Roadmaps
- Business Process Improvement
- Subject Matter Expertise (SME) Services
- Organizational Change Management

Cloud & Infrastructure Services

- AWS Cloud Services
- Microsoft Azure Services
- Google Cloud Platform (GCP)
- Cloud Migration & Modernization
- Hybrid & Multi-Cloud Solutions
- Infrastructure Management
- Application Hosting & Support
- Kubernetes & Containerization

Cybersecurity & Information Assurance

- Zero Trust Architecture
- Risk Management Framework (RMF)
- Assessment & Authorization (A&A)
- Vulnerability Management
- Continuous Monitoring
- Security Assessments
- Identity & Access Management (IAM)
- Security Operations Support

Software Development & Integration

- Custom Application Development
- Systems Integration
- API Development & Management
- Software Testing & Quality Assurance
- Agile Development
- Release & Configuration Management
- Application Maintenance & Support

Enterprise IT Operations & Support

- IT Service Management
- Help Desk & End-User Support
- Systems Administration
- Network & Infrastructure Support
- Enterprise Operations Support
- IT Consulting & Staffing

DIFFERENTIATORS

- Cleared TS facility
- Eligible for classified work
- Mentor-protégé strength
- Deep federal footprint
- Health, civilian, security reach
- Strong governance & QA
- DCAA-compliant systems

CUSTOMERS

- Consumer Product Safety Commission (CPSC)
- Food and Drug Administration (FDA)
- Department of Health and Human Services
- Federal Bureau of Investigation (FBI)
- Environmental Protection Agency (EPA)
